The 10 Most Common Air Conditioning Problems | Easy AC

We asked This Old House plumbing and heating expert Richard Trethewey to share his know-how for central air and window units. Read his advice here. Choosing an Air Conditioner. Room air conditioners can quickly cool a broiling bedroom, a sticky family room, and other hot spots in your house for as little as \$250.

AIS Heating & Air Conditioning - Fremont, CA - Yelp

For this reason, premium air-conditioning systems may be the best choice for old houses. Most premium air-conditioning units (15 SEER or above) have two-stage compressors or dual compressors and adjustable speed blowers. This gives you the best humidity control. You can go to a much higher SEER air conditioner and have all the bells and whistles.

4 Popular Alternatives to Central Air Conditioning

They are often good air conditioning options for older homes when adding AC to an attic or other supplemental space. High Velocity Systems A high velocity HVAC system is one of the smartest air conditioning options for older homes because it is designed for spaces that can't accommodate large ducts. Instead, the high velocity system includes small, flexible ducts (only 2 inches in diameter) that can be fed through walls and around obstacles without cutting big holes in walls and ceilings.

The Basics of Home Air Conditioning Systems - This Old House

An \$8,000 to \$10,000 price tag isn't unusual for a high-velocity air-conditioning retrofit in an old house. Mini-splits offer an economical compromise: You can install cooling units in just one or...
