A community manifesto. By Michael Dregni | March 27, 2014. This book's subtitle is a vast understatement: Author Elly Blue believes bicycles can also save us from healthcare woes, global warming, the energy crisis, community disintegration, and maybe much more. She's not alone: As H.G. Wells is believed to have stated about a century ago, "Whenever I see an adult on a bicycle, I have hope for the human race."

### **Bikenomics: How Cycling Can Save the Economy | Microcosm ...**

Blue's Bikenomics begins with a preface explaining that the "economy" of her subtitle is not as limiting as it might seem. She argues that "there are really two economic cases for cycling": the first is the obvious one, that it contributes to growth; the second is the more radical one, that it offers people the option to "opt out of the cost of car ownership or reliance on largely dismantled transit systems", as well as connecting and strengthening communities.
