Flowserve Pump Engineering Manual

Capable of higher flows and pressures than GA Series pumps, GR Series pumps
provide high efficiency, pulse-free pumping, even under the most challenging
conditions. They are designed to handle viscous fluids across a broad spectrum of
flows and pressures. The GR Series' simple external design has only two moving
parts and only one shaft seal to ensure long life and ease of maintenance.

Pumps | Flowserve

A Guide to Flowserve Pumps The purpose of this publication is to provide a brief
summary of the hundreds of pumps which comprise the Flowserve product line.
Pump models are divided into five sections, beginning with overhung pumps and
continuing through specialty designs.
