He's Gone by Deb Caletti

This is a great story from start to finish. I really had trouble putting it down. Deb Caletti deals with the themes of relationship and marital breakdown with great insight and a wry humour. It's a book that speaks to me on so many different levels.. as a woman, as a partner, as a parent. I rarely read a book a second time, but this one I will.

I was torn about purchasing He's Gone for a couple of reasons, including Caletti's reputation as an author of novels primarily aimed at a young adult audience and Pegeen's foregoing "chick lit" and "soap opera" comments. Ironically, what clinched it for me was Pegeen's impassioned call for less "self-introspection."
