### Make your own International Space Station (ISS) with a ...

The Space Store has a large selection of NASA models, from Mercury Models, to Gemini Models, to Apollo Models, to Space Shuttle Models. We also have aviation and experimental space models as well. We even have some models that are autographed. Models are shipped standard Ground, or Priority and cannot be rush shipped.

### Paper Models - AstroArts

- Building this model requires a moderate level of modeling skill and an intimate familiarity with the International Space Station structure - see [http://www.nasa.gov/mission\\_pages/station/main/index.html](http://www.nasa.gov/mission_pages/station/main/index.html)
- Model is approximately 1:40 scale; sized to use 2 liter soda bottles to shape the modules. The finished model will be 6 feet high across the main solar arrays, just over 8 feet wide across the main truss, and about five feet long along the main spine where the modules mount.

### Build your own International Space Station - Double Helix

Scale Model Drawing Package. These drawings are intended to be a guide for building a model of the International Space Station. The drawings provide the overall dimensions for all of the major elements as it was originally designed. Some of the elements will not be part of the ISS as foreseen now. Dimensions are given for a 1:100 scale model.
